## BGRG &amp; PUBLICATIONS

Bergen *Giardia* Research Group (BGRG) is a network of scientists and physicians who cooperate in planning and implementing research projects to evaluate the long term sequelae after the *Giardia* epidemic and to understanding the mechanisms behind these. Some treatment trials have also been conducted.

We hope this research will lead to treatment alternatives for these conditions.

## Publication list (updated August 2023):

1. Nygard K, Schimmer B, Sobstad O, Walde A, Tveit I, Langeland N, Hausken T, Aavitsland P. [A large community outbreak of waterborne giardiasis-delayed detection in a non-endemic urban area](#). BMC Public Health. 2006 May 25;6:141.
2. Robertson LJ, Hermansen L, Gjerde BK, Strand E, Alvsåvåg JO, Langeland N. [Application of genotyping during an extensive outbreak of waterborne giardiasis in Bergen, Norway, during autumn and winter 2004](#). Appl.Environ.Microbiol. 2006; 72:2212-7.
3. Robertson LJ, Forberg T, Hermansen L, Gjerde BK, Alvsåvåg JO, Langeland N. [Cryptosporidium parvum infections in Bergen, Norway, during an extensive outbreak of waterborne giardiasis in autumn and winter 2004](#). App Environ Microbiol. 2006;72(3):2218-20
4. Robertson LJ, Forberg T, Hermansen L, Gjerde BK and Langeland N. [Molecular characterisation of Giardia isolates from clinical infection following a waterborne outbreak](#). J Infect. 2007 Jul;55(1):79-88.
5. Robertson LJ, Forberg T, Hermansen L, Gjerde B, Langeland N. [Demographics of Giardia infections in Bergen, Norway, subsequent to a waterborne outbreak](#). Scand J Infect Dis. 2007 Jul 31;:1-4
6. Wensaas KA, Langeland N, Rørtveit G. [Uncovering the giardiasis-outbreak in Bergen 2004](#). Tidsskr Nor Laegeforen. 2007 Sep 6;127(17):2222-5
7. Hanevik K, Hausken T, Morken MH, Strand EA, Mørch K, Coll P, Helgeland L, Langeland N. [Persisting symptoms and duodenal inflammation related to Giardia duodenalis infections](#). J Infect. 2007 Dec;55(6):524-30.
8. Dizdar V, Gilja OH, Hausken T. [Increased visceral sensitivity in Giardia-induced postinfectious irritable bowel syndrome and functional dyspepsia. Effect of the 5HT3-antagonist ondansetron](#). Neurogastroenterol Motil. 2007 Dec;19(12):977-82
9. Hanevik K, Mørch K, Eide GE, Langeland N, Hausken T. [Effects of albendazole/ metronidazole or tetracycline/folate treatments on persisting symptoms after Giardia infection: a randomised open clinical trial](#). Scand J Infect Dis. 2008;40(6-7):517-22
10. Mørch K, Hanevik K, Robertson LJ, Strand EA, Langeland N. [Treatment-ladder and genetic characterisation of parasites in refractory giardiasis after an outbreak in Norway](#). J Infect. 2008 Apr;56(4):268-73.
11. Robertson LJ, Forberg T, Gjerde B (2008). [Giardia cysts in sewage influent in Bergen, Norway over one year after an extensive outbreak of giardiasis](#). J. Appl. Microbiol. 104: 1147-1152.
12. Strand, E.A., Robertson, L.J., Alvsåvåg, J.O. et al. (2008). [Sensitivity of a Giardia antigen test in persistent giardiasis following an extensive outbreak](#). Clin Microbiol Infect. 2008 Nov;14(11):1069-71.
